

Kubco Model K-1828

Stainless Steel Centrifuge Package

Specification Sheet

Centrifuge Type:

Kubco Model K-1828

Material of construction:

Stainless Steel or Carbon Steel

Bowl diameter:

18"

Bowl Length:

28"

Conveyor type:

Radial Flow

Conveyor wear protection:

Hard surface

Conveyor lead and pitch:

Single 6"

Gear unit type:

SA-69 (planetary)

Gear unit ratio:

80:1 or 140:1

Torque out style:

Shear pin

Bowl sheave diameter:

5G5V10.5

Pool depth setting:

4 Adjustable 360 degree dams

Main Drive Motor:

30 HP

Maximum Speed:

2400 RPM

Maximum G-Force:

1472
